## OUR MISSION

Our mission is to spread the idea of a **healthy** and **sustainable** life. We expand our range of natural and organic products continually while promoting right consuming habits. We aim to bring together a community who **cares**, spread knowledge, and make a great change towards sustainable living. Join us!

## ABOUT US

We are a company of **organic** and **natural** products created in **2009** with the name of **EKO PIRK**. The company is located in Lithuania's capital Vilnius, where it was started as an e-shop of natural products with an interest to teach people sustainable living. We're constantly expanding – today we have e-shops in all Baltic States. Over the years, we developed wide assortment of natural products and some of them became core in our business. Today we are a market **leader** in Baltic States supplying **coconut oil**, **coconut products** and **butter GHEE** under our brands **AMRITA** and **AUKSO** or under client's **private label** to all biggest market chains. We export to our products to most of the Europe countries as well as other continents.

# WE OFFER

## OUR BRAND

We are proud to present our brand **AMRITA** of very high quality organic and natural products, such as coconut oil, coconut products, butter GHEE, grains, flour, dried fruit, nuts and many others.

We also have brand **AUKSO** of natural and healthy cosmetic and food products.

## PRIVATE LABEL SOLUTIONS

8 years of experience in providing private label products let us ensure only the best quality! We will produce Your product under Your private label and deliver right to Your hands!

Private label solutions are possible at low minimum quantities. For retail at large quantities we offer competitive pricing and different design options. We collaborate with many packing suppliers, so various packing options are available.

Choosing us for Your private label product you will be provided with excellent quality proved by certificates.

## QUALITY IS IMPORTANT

- Coconut oil products are bought only from BRC certified Suppliers. We choose only the best quality proved Suppliers from Sri Lanka and Philippines.
- We comply with high food production standards and produce coconut oil and butter GHEE under Food safety management system ISO 22000:2005 and HACCP (Hazard Analysis and Critical Control Points).
- We make constant laboratory tests to ensure products quality.

# BUTTER GHEE

Butter GHEE is perfect for high-heat cooking, pan-frying and deep-frying due to its high smoke point. Clarified butter gives shine for porridges, it provides a yellowish tint for soups or sauces and improves the nutritional properties. GHEE is characterized by sweet, delicate flavor of nuts. Food made with GHEE butter acquires a unique flavor and aroma.
